2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Teachers assess the learning levels of students in classrooms during lectures and their observation of the student's performance in the class tests, assignments, tutorials, etc. This helps in identification of the slow and advanced learners. The Institute admits students from diverse social and economic backgrounds, hence the ability and extent of learning of the students are greatly influenced by their own talents and other qualities. Specific teaching-learning methodologies oriented to the needs of such students are then discussed and implemented. Traditional teaching methods are aided by new technological methods to make learning more engaging and relatable.

The institute identifies slow and advance learners and offers following Special Programmes for slow and advance learners in order to improve their learning levels and skills:

The earnest efforts are being made to improve the prospect of slow learners by

- Continuously motivating and inspiring them.
- The Mentor-Mentee system helps to uplift the slow learners and keeps faculty in constant touch with students.
- Study Material and Question Bank.
- Class Room Test and extra Assignments.
- Online doubt-clearing classes organized extra classes are taken for revision.

Special Programmes for Advance learners are:

- Appreciation of Meritorious Students by Awarding Special Incentives
- Toppers & university rank holders are felicitated on Annual Day

- . Such students are nominated for Student Council & given leadership roles, motivated to make presentations, write papers & participate in conferences/seminars/workshops.
- Career Guidance
- Use of ICT for Encouragement
- Projects and Assignments
- Providing Guidance in Writing Research Paper for PG students
- Encouraged to help slow learners by covering important topics via lectures.
- Encouraged to write articles in College/Departmental magazines.
